NEXUS and the Learning for Life Charity based in Enfield and Edmonton have joined forces to try and regenerate the Henry Barrass Recreation Ground in Jubilee Park Edmonton.

The Henry Barrass Stadium in Jubilee Park was built in the 1920s, it was originally surrounded by a cinder running track, and hosted countless events, such as a friendly football match with Tottenham Hotspur, the Charter Celebrations in 1958, a Horse Show in 1959 alongside several school district sports days. It is also home to the oldest Sunday League football club in the UK. The site has a rich heritage and we want to return it to its former glory. The facilities of this area, once used and valued, have degenerated and it is our goal to raise funding so that this, once cherished area, can be improved and reclaimed for the community to use.

Benefits

Our project aims to celebrate the heritage of the sports grounds by repurposing and enhancing the facilities to promote active lifestyles and wellbeing within the community.

- Increased safety and positive perception of the area
- Facilities can be used by community organisations and families – research shows that of all facilities in a park, an athletics track is the only one that is used by men and women equally
- Return of large-scale events promoting sporting activities and wellbeing to raise the profile of Edmonton and the wider community of Enfield
- Improve health and wellbeing outcomes for the community
